1	<p>White Revolution- (Livestock Health & Disease Control Programme): The Livestock Sector has immense potential for growth .Livestock contributes to the livelihood of the poor and offers them employment and a definite source of income on which they depend for their livelihood. The biggest impediment to growth of this Sector is the large scale prevalence of diseases which results in both morbidity and mortality and consequent production losses which adversely affect the animal productivity.Presence of diseases deters domestic and foreign investment in livestock sector.In order to tackle the issues of livestock Health in a better way the Dept. of Animal Husbandry, Dairying & Fisheries, MOA,Govt. of India is implementing this Centrally sponsored Schemes.</p>	<p>1.
