Dear Sir/Madam,

I am desirous of getting some information from the Animal Husbandry Department for a technology research purpose related to cattle genetics sector.

I would like to make some enquiries to the state Animal Husbandry Department for the following, under the relevant provisions of The Right to Information Act, 2005:

All the information and data sought to be received is for a period of ten years.

I need the following information specific to:

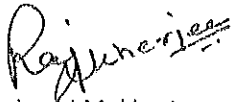

1. Embryo Transfer Technology (ETT)

- What is the adopted technology? In-Vivo or In-Vitro?
- No. of transfers done and no of calves born.
- The year-wise amount spent so far on ETT.

2. Artificial Insemination (AI) delivery Mechanism

- No. of personnel the state is employing in AI services and the consolidated emoluments towards all of them.
- Information on the average number of AI's which are carried out by the technicians on a daily basis.
- The number of integrated livestock development centers in your state, if there exists any.
- The outsourcing of Artificial Insemination Services to third parties/agencies, if your state has ever outsourced any service or any part of the services related to Artificial Insemination.
- Payments made to the third-party/ agencies, if any. Are the payments made on each Artificial Insemination or is it made based on the number of live calf's born?
- The approximate amount which is spent on the third parties/agencies.

Thanking You,
