Dear Sir

Dairy Entrepreneurship Development Scheme_ Submission of claims

As you are aware, a Centrally Sponsored Capital Subsidy Scheme namely the Dairy Entrepreneurship Development Scheme(DEDs) is being implemented in the Andaman & Nicobar Islands, for which the Government of India has allocated a subsidy budget of ₹6.00 lakh for the year 2014-15. NABARD is the nodal agency for disbursement of Subsidy under the Scheme. The Scheme has been discussed in UTLBC and other various forums.

2. As per the Scheme, the financing bank is required to submit the Subsidy proposal within two months of disbursement of first instalment of the bank loan through their controlling office to NABARD. As we are coming close to the end of the financial year 2014-15, we advise you to forward the subsidy proposals, if any, to us without further delay so that Subsidy can be made available to the beneficiaries before allocation is lapsed on 31.03.2015.

Yours Faithfully
